

LYNX & ARIES

When gender specific design stands out.

Gender Specific Styling – Provides comfortable lift and support.

Padded Elbows – With Toughtex abrasion resistance.

PU Reinforced Shoulders – Critical area abrasion resistance.

A Seat That Grips – Polyurethane embossing provides a non-slip grip and abrasion protection.

High Visibility – Reflective logo on the sleeve.

Knee Guards – Anatomically shaped, 3-D knee/shin guards for hard-core protection.

Form Moulded Velcro Tabs – Quality is in the details.

Comfort Zipper – Fully gusseted “Comfort Zipper” to relieve stress on the surface.

Spine Pad – 10 mm thick for comfort and limited water flow.

Stretch Panel – Form fitting wave flex back panel.

Anatomical Sculpting – Pre-bent arms and legs provides a perfect anatomical fit.

Bronze Slider – Provides consistent ease of operation and hard-core durability.

- 5 mm (the Lynx suit) 7 mm (the Aries suit).
- Inside neck smooth skin lining.
- Microcell CR neoprene.
- Double thread stitch and all ends knotted together.
- Wave flex panels in the hollow of arms and legs.
- Designer suit.
- No restraining seam guidance at arms and legs.

- No four seam crossings.
- Back zipper with stretch panels.
- Open cell neoprene opposite to the spine pad for an ultimate dry seal.
- Inside lining of nylon plush.
- Generous double seals made from glide skin neoprene with zipper at arms and legs.

Accessories

Crux Glove 5 mm, 5-finger – This stylish glove features a glide skin interior and a long zipper for easy donning. Expanding wave flex over layer and a polyurethane embossed protection section in the palm.

Crux Glove 5 mm, 3-finger – A cold water glove that features a glide skin interior and a long zipper for easy donning. Expanding wave flex over layer and a Polyurethane protection section in the palm.

Crux Glove 3 mm, 5-finger – This glove features a glide skin interior and a long zipper for easy donning. Expanding wave flex over layer and a polyurethane embossed protection section in the palm.

Crux Glove Tropical Amara – Stretch neoprene with panels of wave flex and a hand palm area with Amara leather gives this eminent glove the features needed in warmer environments.

Atlantic Boot – Tough 7 mm semi-dry boots with an extra long zipper for easy donning. The heels and toes are strengthened and the boot has an angled design for less stress while fining.

Hydra 5/7 mm – Our exclusive Hood Air Venting System (HAVS) uses one-way valves to eliminate annoying air buildup and features a 7 mm double layered protection in critical heat loss areas.

Hydra 3/5 mm – Our exclusive Hood Air Venting System (HAVS) uses one-way valves to eliminate annoying air buildup and features a 5 mm double layered protection in critical heat loss areas.

Canis – Waterproof coupled an anatomically sculpted 2 mm under vest to our trend setting next generation Hydra hood with HAVS technology.

Libra – An over vest that combines 5 mm of superior grade neoprene with our HAVS hood technology. This front zip vest is designed to blend and compliment our Aries and Lynx wetsuits.

Libra w/o Hood – This version of the Libra over vest can also be used separately as a 5 mm shorty. This is another example of Waterproof following the concept of flexibility within the design.
